MEMORANDUM FOR: Members, Senior Interagency Group - Intelligence

SUBJECT: Counterintelligence Capabilities Improvements Report

As we discussed at last Tuesday's meeting, the Intelligence Authorization Act (Section 402) requires that the President submit to the HPSCI and SSCI, with 120 days, a full report (with an interim report due within 60 days) on "the capabilities, programs, and policies of the United States to protect against, detect, monitor, counter, and limit intelligence activities by foreign powers, within and outside the United States, directed at United States Government activities or information, including plans for improvements which are within his authority to effectuate and recommendations for improvements which are not within his authority to effectuate."

I have asked General Richard Stilwell to oversee the preparation of this report. He will be supported by the Community Counterintelligence Staff.

This is a very important undertaking, both for the Community and for our relations with the Congress, and, therefore, deserves priority action by the SIG(I). Accordingly, I ask that you give General Stilwell your fullest cooperation.

Please provide the names of your personal representative to work on this report to Chief, CCIS, no later than Friday, 27 December 1985.

25X1

William J. Casey
Chairman,

Senior Intelligence Group - Intelligence
